RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This is responsive to the restriction requirement mailed 8/26/2005.

On pages 2-3 of the restriction requirement, the Examiner has called for restriction to one of the inventions of Groups 1 to 8. Applicants elect the Group 1 invention, drawn to therapy of psoriasis. Applicants request that Group 1 claims (claims 19, and 29-32) be examined together with linking claims (claims 1-18).

In the paragraph spanning pages 4-5 of the restriction requirement, the Examiner has further requested that applicant elect a species from (1) a specific second therapeutic agent such as the ones recited in claims 15 and 32, and (2) whether the antibody is conjugated or not conjugated with a cytotoxic agent as set forth in claims 12-14. As to (1), Applicants elect the species of an "immunosuppressive agent." Group 1 and linking claims readable on this first elected species include: claims 1-19 and 29-32. In respect of (2), Applicants elect the species "wherein the antibody is not conjugated with a cytotoxic agent." Group 1 and linking claims readable on this second elected species include: claims 1-13, 15-19, and 29-32.

Prosecution on the merits is awaited.

Serial No.: 10/719,310

Respectfully submitted,
